Weymouth. June 29th 1842

Dear Deborah

I did design to have written you a long letter to come with this your, & to have mailed it from Boston, after I had heard the news if there was any; but I am not able to go in town to day. Yesterday I rained, & then the weather changed & some how I took cold, & so do not feel it prudent to go in town to day. I will write you from Boston. All the rest are pretty well, save Aunt Priscilla. She is quite poorly. There is no special news here. There was a pretty good Female A. S. meeting held at Mrs James Thayer's last week. I have got all your letters. The gown & scarf are still in town.

I send the Herald in the Bundle.

We shall look for you to come to day from Cohasset

Yours ever, in haste

A. W. Weston
